

Choices...

A workshop for year 10 – 12 students their parents and teachers.

Presenters: John Cheetham MAPS

Duration: 1.5 Hours

Numbers: 20 – 250.

Who would benefit: Parents and students in years 10 – 12.

Aims of Workshop and desired outcomes:

- Explore the role of ability, personality and interests in helping to determine post-secondary choices.
- Make clear the choices available to our students and where these choices will take them.
- Understanding how to support students to achieve their goals.

Workshop Segments:

- A review of the tracks on the “Choices” CD and a discussion on the roles and responsibilities both parents, teachers and students need to embrace to reach desired outcomes.
- Discussion on the possible hurdles that will need to be crossed.
- Learning to develop optimism in students whose motivation may be low.

Outcomes:

Participants will achieve:

- An understanding of how our choices at this time can impact on what direction we take when we leave school.
- An understanding of how to positively influence your child’s choices.
