Speaker Introduction: Paul Callaghan

Paul Callaghan is a freelance writer and games designer. His credits include *Men In Black 2*, *Heroes of the Pacific*, and a, sadly cancelled, game based on the BBC series *Doctor Who*. He's spoken about games and writing at the National Screen Writers' Conference, Freeplay, Game Connect Asia Pacific, and the Emerging Writers' Festival, and has also appeared on ABC TV's *Good Game* and run workshops at the Australian Centre for the Moving Image. Currently, he's writing the story for a local developer's upcoming game, consulting on some education-based projects, and working on finishing his second novel.

Please welcome Paul Callaghan.
